DR. COOK SENDS A WIRELESS MESSAGE

To American People Telling Them To Have Fullest Confidence, As He Discovered North Pole.

(On board the steamer "Oscar II," at sea, Sept. 18, via Marconi wireless telegraph to Cape Race, N. F.)—"Tell the people of America to have the fullest confidence in my conquest of the pole. I have records of observations made by me which will prove my claim. I shall be glad again to set my foot on American soil."

This was the brief message Dr. Frederick A. Cook yesterday asked the Associated Press to give his countrymen as he nears home on the steamer "Oscar II," due to arrive at New York next Monday.

Dr. Cook discussed freely with the Associated Press correspondent yesterday the assertions of Commander Peary that he (Cook) had never reached the north pole.

When he departed for the North, Dr. Cook said he left a depot of provisions at Annatok, north of Etah, in charge of Rudolph Francke and several Eskimos. Francke had instructions to go south on board a whaler and return later. This he did, but missed the returning vessel, owing to a slight illness. He was taken aboard Peary's ship, the "Roosevelt," and proceeded north.

"Commander Peary found my supply depot at Annatok," Dr. Cook continued, "and the Eskimos in charge told him that I was dead, which they then believed to be true.

"Peary placed two men in charge of the depot, Boatswain Murphy, and another, Harry Whitney, the New Haven hunter, also remained there. Murphy had orders not to search for me, but was told he could send Eskimos northward the following spring from the relief depot.

Told Harry Whitney Facts.

"When I returned from the pole

unexpectedly, Harry Whitney was the first to see me and to tell me what had occurred. Whitney was placed in possession of the facts concerning my journey to the pole on the condition that he would not inform Commander Peary or his men of them. At the same time the Eskimos who had accompanied me north were told to maintain the strictest silence.

"When I went into the depot there was a dispute between myself and Murphy, who delivered to me written instructions he had received from Peary, although he himself could neither read nor write. These instructions showed that he was making a trading station of my depot, the contents of which had been used in trading for furs and skins.

"On the occasion Murphy asked me abruptly, 'Have you been in 87?' But I was determined not to let Peary know of my movements and replied evasively that I had been much farther north. From this statement has been concocted the declaration that I said I had not reached the pole."

Will Bring Witnesses.

Dr. Cook declared that neither Harry Whitney nor his (Cook's) records are on board the steamer "Roosevelt" and that, therefore, Peary's information concerning him emanated from Boatswain Murphy, who knew nothing of his movements. Dr. Cook said also that he had made arrangements for the two Eskimos who went with him to the pole and Knud Rasmussen, whom he met in Greenland, to go to New York and confirm the story of his discovery.

Dr. Cook is thoroughly enjoying his rest aboardship after the strenuous days at Copenhagen. He spends a

long time daily in writing and in conversing with the American passengers, who all have been formally presented to him by Benjamin Trueblood, president of the American Peace Society of Boston.

All the passengers are impressed by the sincerity of Dr. Cook as indicated by his conversation with them in regard to his discovery of the pole. He said that he is now prepared to lay these proofs before a competent body in America.

Dr. Cook expressed astonishment that the news of the discovery of the pole had created such a sensation and is anxious to learn what specific declarations Commander Peary has made to minimize his exploit in order that he may formulate replies to them. It is his hope that he will arrive in New York before Commander Peary gets there.

Tells of His Route.

In a lecture in the saloon of the steamer Dr. Cook, with the aid of a map drawn by an engineer, gave an outline of his route to the pole.

"The journey was nothing really wonderful," he said. "I used no new devices or inventions. I had, however, every necessary instrument, but kept these to pure necessities.

"The reason for my success is that I returned to the primitive life—in fact became a savage, sacrificed all comforts to race for the pole."

The long winter night was utilized by Dr. Cook in writing. He used a primitive stone writing desk and lay prone while at work with his manuscript. Meanwhile the Eskimos sewed and sang. The temperature in the snow hut was rarely above the freezing point. Polar bears abounded, making exits from the hut dangerous.

WALDO NOTES.

WALDO, Sept. 18.—Mrs. C. C. Hartman of Terra Alta, W. Va., arrived Friday on a visit to her relatives, the Kite family. She married and went away about two years ago. Several of her people and friends met her at the station.

News of the death of Squire Lane was brought by Mr. Norton, the mail carrier, from Melrose. He was an old citizen residing a few miles from Melrose and had been a teacher years ago and was about seventy-five years of age. He went fishing on Thursday, and not returning, he was sought for and his boat found adrift and his body recovered from the lake. His interment took place at Melrose on Friday. He was a very prominent member of the Baptist Church.

Messrs. Neal and Bowen went fishing and while the fish caught were not many, they captured nine small alligators, which they will put on the market.

Rev. N. H. Williams, the editor of The Florida Christian Advocate, of Jacksonville, is expected to hold service here on Saturday evening and at Melrose on Sunday.

The revival meeting at the Methodist church, which has continued seventeen days, will close Sunday night. Rev. Barr is aided by Evangelist McCall. Much good has already been accomplished and several have been added to the church.

A very pleasant wedding occasion was that at the home of H. J. Dowling on the 15th inst., when his daughter, Miss Effie, was married to Mr. Elzey Gunter at noon, Rev. D. L. Branning officiating. The attendants were Mr. M. L. Triest and Miss Eva Altman, Mr. E. M. Gunter and Miss Nora Geiger. More than thirty plates were set and an elegant dinner was served. Mr. Dowling, a brother, and his wife, of Lake Butler, were present. Mrs. Triest and daughters, one of whom was Mrs. Packham of Fargo, Ga., were among the guests. The couple married will live at the Dowling home, Mr. Dowling having moved onto the Hotchkiss place nearby.

To Make the Race For Marshal.

As will be seen by his announcement in another column, Mr. Chas. M. Dell is a candidate for city marshal to fill the unexpired term of B. T.

WOULD-BE RAPIST OF WHITE GIRL CAPTURED

Dastard Attempt of Bad Negro To Outrage Respectable Girl Near Lake City.

LAKE CITY, Fla., Sept. 18.—The Lake City Reporter of Friday contains the following account of the bold attempt of a negro to ravish a young white girl near this city by a negro brute:

"News reached this city Wednesday morning of the attempt by John Thomas to commit criminal assault upon a young white girl at her home three miles south of this city. The sheriff, together with his deputies and bloodhounds, left immediately for the scene of the crime in search of the negro brute, who, having gained a few hours' start on his pursuers, made good his escape for the time being. We are correctly informed by parties on the place at the time that the negro entered the residence during absence of the men of the place, gained entrance to the room of the young lady, grabbing her by the neck in an attempt to choke her. The girl's mother, hearing the screams of her daughter, rushed to her assistance, and together they managed to hold the negro in subjection until the timely appearance of her son, who was in the field at the time at work, but hearing the piercing screams of the women rushed home. The negro made his escape before it was possi-

ble to effect his capture. Feeling the community is at fever heat over the affair and should the negro caught he will probably pay the penalty usually dealt out to such despicable criminals against the sanctity and purity of the home. Since assault with criminal attempt by John Thomas it is learned that he is a gro of bad reputation, having heretofore committed deeds for which he had his just reward would serving time in the chain-gang. Thomas has been living on the place for a cropper since the first of the year. It is further learned he has openly made the threat he would kill W. M. Cook, even if it was necessary to sneak up in the dark and blow his brains out while sitting at the supper table."

The Brute Captured.

A supplement to The Reporter of the negro was captured and brought to Lake City and lodged in jail Friday morning. He was recognized the store of J. W. Umpstead, about six miles north of Houston, in wannee county, where he had gone to buy cartridges. The posses out that direction were telephoned for Sheriff Nance, who is always on job, reached the place and made capture about 3 o'clock.

Orville Wright Breaks Aeroplane High Record

BERLIN, Sept. 18.—The record for high aeroplane flights was broken here yesterday by Orville Wright, who flew in his machine in the presence of the empress, Princess Louise, Prince Adelbert and Prince August and a large party from the court.

He attained a height of 233 meters (765 feet). The best previous record for height, 155 meters, was made by Hubert Latham.

Mr. Wright's altitude was measured by a captive balloon moored at a height of 183 meters, and it is esti-

mated that he rose fifty meters above the balloon. The empress and her sons congratulated Mr. Wright on performance.

Mr. Wright was in the air for three minutes, and his flight was witnessed by his sister, Miss Katherine Wright. A strong wind was blowing part of the time, and made it necessary for the aviator to execute the most intricate maneuvers so far witnessed here.

Mr. Wright made another flight forty-seven minutes and five seconds with a passenger, Capt. Englehardt.

Cotton Growers Hold Big Meeting At Valdosta, Ga.

VALDOSTA, Sept. 18.—The Sea Island Cotton Growers' Congress was called to order Friday morning at 11 o'clock by President Webb. The sessions are being held in the Lowndes county court house. Delegates are in attendance from Georgia, South Carolina, Florida and Alabama. The attendance is the largest and most representative body of Sea Island cotton growers in the history of the association, the auditorium and gallery of the court house being packed and jammed. The address of welcome

was made by the Hon. J. M. Wilkeson, the response being made by the Hon. W. W. Webb. Other speeches made by Hon. W. S. West, Major J. O. Varnedoe and Messrs. Simons and Register, aroused much enthusiasm. A barbecue was given the delegates by the board of trade at 1 o'clock. The meeting was called together again at 3 o'clock. There was speech-making, and a general love feast session of the executive committee last night. A representative of the Farmers' National Union will address the congress today at 11 o'clock.

Arnold, resigned. Mr. Dell announced as a candidate at the election last April, but owing to an agreement between himself and C. C. Warren to test the strength of the two as to which should withdraw from the race, he felt in honor bound to quit the race at that time, although he never was satisfied that the method

adopted in determining the strength of himself and Mr. Warren was a true test of the choice of the voters. Mr. Dell is in every way qualified to fill the responsible position of marshal, and now that he is in the race to stay his friends will exercise every effort to make his campaign a winning one.

Sea Island Cotton Market Firm and Steady Past Week

SAVANNAH, Ga., Sept. 18.—The Sea Island cotton market has been firm during the past week with a good demand, which readily took up the offerings at hardening prices. Good grades were mostly in request, with some business in medium grades also. The close was firm, with prospects favorable for the maintenance of prices.

Crop accounts are unfavorable from Florida, where the yield is said to be considerably short of last year, some reports claiming a falling off of 25 to 50 per cent. Reports from

Georgia are better, but do not promise as well as was indicated a month or so ago. The quality of the new crop is very good so far.

Sales for the week, 1,739.

Bishop McCloskey Is Dead At Old Age of 86 Years

LOUISVILLE, Ky., Sept. 18.—The Right Rev. William McCloskey, bishop of the Catholic diocese of Kentucky, and the oldest Catholic bishop in the United States, both in years and in point of continuous service, died yesterday of ailments incident to old age. The bishop was in his 86th year. He has been the head of the Kentucky diocese for forty-one years, and was honored and loved by Catholics and Protestants alike.

When the American college in

Rome was founded by Pope Pius IX. Dr. McCloskey was selected as president. He filled the place for more than twenty-three years. When a vacancy was caused in Kentucky by the death of Bishop Lavialle, Dr. McCloskey was nominated and was consecrated bishop of Louisville May 24th, 1868.

JIM JOHNSON MADE FULL CONFESSION

ADMITTED HE TIED MULE TO THE
RAILROAD TRACK.

Gave a Mortgage on Pair of Mules to
Save His Brother-in-Law from
the Penitentiary.

From Friday's Daily Sun.

When it comes to the work of special detectives, Chas. Pinkoson is the limit—that is, the limit of shrewdness, and whatever Officer Pinkoson cannot get in the way of information and confessions had just as well be left alone by others.

The Sun contained a notice two or three days ago of a number of arrests at Newberry, among whom were Jim Johnson and Jim Hunt, charged with tying a mule on the railroad track. Officer Pinkoson is a special agent in the employ of the Atlantic Coast Line, and was assigned to this case, which was in his district. After causing the arrest of the men, he secured from Johnson a full confession.

Johnson stated in substance, so Officer Pinkoson says, that the reason he had for tying the mule on the track was that he had given a mortgage for his pair of mules to save his brother-in-law, Jim Hunt, from going to the penitentiary. The mortgage being due, he did not have the money to pay it, and Hunt not helping him, as he promised, advised him to take the sorry mule and tie it to the railroad track; that the train would come along and kill the mule, and he would get enough to pay the mortgage and save the other mule.

Johnson stated that at first he was afraid to do this, but Hunt told him it was "dead easy," that six or seven years ago he tied an old horse to a railroad track, the animal was killed by the train, and he (Hunt) got good pay for it. Hunt told him to tie the mule on a short curve, and that it would be run over and killed before the engineer could have time to stop, and that all he would have to do was to pretend that he was in Newberry trading, and that the mule had gotten away from him.

It appears that Johnson acted upon the advice of Hunt, as the mule was tied to the rails at the point indicated, and was run down and killed. A fortunate circumstance which led to the discovery of fraud was that the animal's body became so thoroughly tangled up with the machinery of the locomotive that it became necessary to stop the train and pull it out, when it was discovered that the animal had been securely bound to the rails, the ropes being found about the neck and feet. This resulted in a search of the guilty parties, with the result that the negro Johnson was tracked to his home.

Officer Pinkoson now has in his possession the shoes worn by the negro, the ropes which were found upon the mule, and the switches which were used in driving the mule to the point, all of which will be introduced in evidence.

Jim Hunt was also arrested, and is in jail awaiting trial at the fall term of the circuit court.

A Narrow Escape.

Edgar N. Bayliss, a merchant of Robinsonville, Del., wrote: "About two years ago I was thin and sick, and coughed all the time and if I did not have consumption, it was near it. I commenced using Foley's Honey and Tar, and it stopped my cough, and I am now entirely well, and have gained twenty-eight pounds, all due to the good results from taking Foley's Honey and Tar." J. Why We Are Stronger.

The old Greeks and Romans were great admirers of health and strength; their pictures and statuary made the muscles of the men stand out like cords.

As a matter of fact we have athletes and strong men—men fed on fine strength making food such as Quaker Oats—that would win in any contest with the old Roman or Greek champions.

It's a matter of food. The finest food for making strength of bone, muscle and nerve is fine oatmeal. Quaker Oats is the best because it is pure, no husks or stems or black specks. Farmers' wives are finding that by feeding the farm hands plentifully on Quaker Oats they get the best results in work and economy. If you live in a hot climate buy Quaker Oats in hermetically sealed tins. It keeps sweet and fresh.

MR. HATCHER'S ENTERPRISE.

Will Establish Negro Campmeeting Grounds Near Worthington.

John W. Hatcher, a progressive citizen and business man of Worthington Springs, has inaugurated a new idea which he believes will pay handsomely on his investment.

Mr. Hatcher recently purchased the property adjacent to Worthington Springs, on the Alachua county side of the Santa Fe river, and will convert same into a negro campmeeting ground. The property contains valuable springs with an analysis similar to the water of Worthington, which will prove a big drawing card. The place is beautifully shaded, the spring being surrounded by stately oaks and magnolias, and will no doubt become famous as a campmeeting resort.

The first campmeeting will begin October 23, and the railroad company will offer special low rates for the occasion.

Mr. Hatcher has a force of carpenters erecting cottages, and another force is busy clearing up the grounds.

WILL ELECT MARSHAL.

Special Election October 19th to Select City Marshal.

From Friday's Daily Sun.

The recent resignation of Marshal Ben T. Arnov, which was accepted by the City Council, will cause a special election for one to succeed him, and Mayor Horatio Davis, as will be noticed elsewhere in this paper, has called a special election for Tuesday, October 19.

As a result of the calling of this election the political pot will soon be boiling with considerable activity, as it is understood that a number of candidates will be in the field.

Policeman Harry Owens was sworn in several days ago, and has been filling the responsible position of Marshal since that time. He is a young man of excellent reputation, has always proved an efficient officer, and will no doubt make a good run, as he has many friends in this city.

Best Treatment for a Burn.

If for no other reason, Chamberlain's Salve should be kept in every household on account of its great value in the treatment of burns. It allays the pain almost instantly, and unless the injury is a severe one, heals the parts without leaving a scar. This salve is also unequalled for chapped hands, sore nipples and diseases of the skin. Price, 25 cents. For sale by all druggists.

Had a Fine Outing.

From Friday's Daily Sun:

J. L. Medlin has returned from Clio, S. C., where he and his interesting family have been sojourning for the past few weeks. Mrs. Medlin and children went to Glenn Springs, S. C., and will return home tomorrow. Friends will be glad to learn that they were greatly benefited, and enjoyed the trip very much.

Not a minute should be lost when a child shows symptoms of croup. Chamberlain's Cough Remedy given as soon as the child becomes hoarse, or even after the croupy cough appears, will prevent the attack. Sold by all druggists.

POLICEMAN OWENS HAD NARROW ESCAPE

WHILE INVESTIGATING NOISE
WAS SHOT AT FROM DARK.

Bullet Went Through Hat, Almost

Grazing Skull—Officer Returned

Fire, But Without Effect.

From Friday's Daily Sun:

Robert Owens, night policeman, passed through an experience at an early hour Thursday morning which nearly cost him his life, and which he will not soon forget.

Policeman Owens was attracted at half-past 2 o'clock by a noise in the rear of the City Bakery, and went to investigate, believing that burglars were at work. He went around the building to the rear, and up a dark alleyway which led to the back door. Failing to discover anything wrong he turned and started again to the street, but when he paused within a few feet of the sidewalk, but still in the shadow of the building, he was surprised at being fired upon. The ball passed through the crown of a straw hat he was wearing, and came so close to his scalp that he could easily feel the concussion, and had to put his hand to his head to ascertain whether or not the ball had entered the skull.

Officer Owens, however, with sufficient presence of mind, returned the fire as the fleeing figure, which was dimly plain to him, turned and ran, disappearing around the corner and through another alleyway. His aim was bad, however, and the shot had no effect. He chased the man across the street and into the dark on North University street, where he was lost to view.

This was a narrow escape, and Officer Owens' friends congratulate him on being alive to tell "how it happened."

EAGLES HAD BIG TIME.

Plenty of Work Thursday Night, After Which Came Banquet.

The regular weekly convocation of the local aerie of Eagles was full of interest Thursday night, as there was plenty of work to do in the way of initiating candidates, after which the members sat down to a fine spread of lemonade, sandwiches, cake, etc. W. G. Richardson acted as master of ceremonies in a most pleasing and interesting manner, and while seated around the festive board many informal talks of interest along the lines of the good of the order were made.

The Eagles, which organized here only a few months ago, are making rapid strides. They now have one of the largest and most popular aeries in the State, which is the subject of praise from every visiting Eagle.

NOW ON STRIKE.

Millions of Stomachs Refuse to Do Their Work Properly.

All over this broad land millions of stomach owners are being held in humiliating subjection just because they are so stubborn that they will not accept a fair, square and broad minded offer.

Life is short for all of us; it will be shorter for those who let their stomachs go from bad to worse.

J. W. McCollum & Co. have a famous prescription called Mi-o-na and they believe so thoroughly in its remarkable curative power that they say to every owner of a distressed stomach that they will guarantee Mi-o-na tablets to cure acute or chronic indigestion and all stomach ailments or money back, and the price is only 50 cents a box.

And still there are stubborn people right in Gainesville who won't accept this offer but continue to suffer from gas on stomach, belching of sour food, stomach pains, foul breath, dizziness, biliousness and headaches just because—just because—that's all, there is no other reason.

Mi-o-na tablets stop dyspepsia agony in five minutes; they cure obstinate cases of indigestion and turn the old stomach into a new one in a few weeks—or money back.

TWICE IN ASYLUM TO BE SENT THERE AGAIN

SAD FLIGHT OF ANNIE STOKES,
DEMENTED NEGRO WOMAN.

Threatened to Burn Homes of Neigh-
bors, All of Whom Were Afraid
She Would Do So.

For the first time in several days the residents in the vicinity of North University street and Pleasant lane are sleeping in peace and contentment, the cause of annoyance having been removed.

For the past week Annie Stokes, a demented negress, has kept that community on the verge of fear, and the neighbors lived in constant dread that she would either burn them out or do someone bodily harm. This condition of affairs rocked along until it became unbearable, when the woman was reported, and on Wednesday afternoon, just as the sun was setting, Marshal Owens and Deputy John Bennett went to the woman's home, when she was taken into custody.

Marshal Owens states that the woman had the door barred, was in bed, and refused to "open up," although she "opened up" on them without ceremony, and declared she would not accompany them a step. The officers secured an entrance through a window, and found the woman clothed only in her night gown. She could not be induced to don her street attire, but the officers were bound to accomplish their purpose, and took her, dressed in the night robe only, into an automobile and drove her to the city jail, where she was kept in confinement for the night. On Thursday morning her clothing was sent to her, which she donned without hesitation in a cooler moment, after which she was given breakfast and was taken to the county jail, where she will remain until an attendant can arrive from the State asylum.

Annie declared to the officers that she was not crazy, but drunk, as she had been imbibing freely for the past few days of "blind tiger" liquor. She was considerably more reserved Thursday morning, and said: "I am not crazy; I have been drunk on mean liquor; I am sober now, and have come to my senses again."

But Marshal Owens did not feel inclined to take her word, and will hold her for the asylum, where she was an inmate twice before.

It is said that the woman during the past few days had threatened to burn down the houses of certain neighbors in the vicinity of her home.

"Can be depended upon" is an expression we all like to hear, and when it is used in connection with Chamberlain's Colic, Cholera and Diarrhoea Remedy, it means that it never fails to cure diarrhoea, dysentery or bowel complaints. It is pleasant to take and equally valuable for children and adults. Sold by all druggists.

Several weeks ago Sandy Simmons, who had been in poor health for some time, went to the hospital in Gainesville for treatment, but was told that nothing could be done for him. His friends, however, being desirous of doing all they could for him, took him to Jacksonville, where he was operated on. Encouraging reports came every day after the operation, and he was expected home soon, but last Friday the sad news came that he was dead. His wife took the morning train for Jacksonville, where deceased was buried. He leaves a wife and five children, mother, and several sisters and brothers to mourn his death.

Testifies After Four Years.

Carlisle Center, N. Y., G. B. Burhans, writes "About four years ago I wrote you that I had been entirely cured of kidney trouble by taking two bottles of Foley's Kidney Remedy, and after four years I am again pleased to state that I have never had any return of those symptoms, and I am evidently cured to stay cured." Foley's Kidney Remedy will do the same for you. J. W. McCollum & Co.

WEDDING AT HIGH SPRINGS.

Miss Pearl Jones United in Wedlock to Mr. Chas. W. Day.

On the morning of September 14th, at the home of the bride's parents, Mr. and Mrs. Frank Jones, near High Springs, Fla., occurred the marriage of Miss Pearl Jones and Mr. Chas. W. Day.

The wedding, which was witnessed by a number of friends and relatives of the contracting parties, was performed by Rev. J. C. Rodgers in his happy manner.

After sitting down to an elegant wedding dinner the happy couple left for Waycross, Ga., which place is to be their future home.

Mrs. Day was an acknowledged favorite among the young people of High Springs, who, while wishing her much happiness, will greatly miss her from their midst.

The groom is a young man of many sterling qualities who has many friends both in High Springs and Waycross, where he holds a lucrative position with the Atlantic Coast Line R. R. The many friends of Mr. and Mrs. Day unite in wishing them a long and happy life.

THE NEWS FROM WILCOX.

WILCOX, Sept. 16.—Miss Alice Lloyd is spending a few days with her mother. She has been attending the normal at Madison and reports a very successful term.

L. B. Shouse and family will leave tomorrow for Leesburg, their future home. Mr. Shouse has not disposed of his property here, and will probably return sometime in the future.

J. H. Sheffield, a representative of the C. E. Dunham Cypress Company, is here with a force of men putting up the necessary buildings preparatory to commencing to move the large tract of cypress timber to their sawmill at Paradise.

J. S. Painter and M. F. Rucker made a flying trip to Lake Butler on Monday.

Mrs. Will Williams is visiting her brothers, Billie and Walter Sanchez, at Judsen.

J. H. Martin, who has been confined to his room with rheumatism, is again able to be around.

Dr. W. L. Lancaster has the lumber and other material on the ground to complete his new residence.

Mrs. Lloyd will move from the Lock residence to the house of L. B. Shouse, which she will renovate and convert into a boarding-house, a thing much needed by the traveling public.

Off to the Mines.

From Thursday's Daily Sun:

Deputy Sheriff Bruton left Wednesday for Holder, having in custody a young negro by the illustrious cognomen of Caesar—but the surname was Jenkins.

Caesar's fondness for overalls got him into trouble, because he was convicted in Justice Barron's court at Bell upon a charge of the larceny of a pair of overalls, and was sentenced to pay a fine of \$5 and costs, in default of which he must spend sixty days at hard labor in the mines.

Caesar swore he didn't take the overalls—and of course nobody believes (?) he did.

Health

Means the ability to do a good day's work, without undue fatigue and to find life worth living. You cannot have indigestion or constipation without its upsetting the liver and polluting the blood. REV. NIXON PLEASED.

Presiding Elder Has Just Made Official Visit to West End.

From Wednesday's Daily Sun:

Rev. T. J. Nixon, for four years pastor of the First Methodist church in this city, and one of the best pastors the church has ever had, was in the city for a short time Monday, being en route home from a visit to Bland, High Springs, and other parts of the northern and western sections of the county. Dr. Nixon is now presiding elder of the Gainesville district, and has occasion to make these visits officially every three months. On Sunday at High Springs the third quarterly conference of the Methodist church was held, which showed the condition of the church very flattering in each department.

"Those people of the West End and other sections of the North End where I have visited are fine people," remarked Dr. Nixon. "They fully deserve the reputation they enjoy for hospitality, and, to tell the truth, I was loath to leave them. They took me in and treated me royally—and I never had so many good things to eat since I was born."

Dr. Nixon was particularly impressed with the prosperity evident on the farm of Mr. Matthews, at Bland, whom he declared was one of the most energetic farmers he had ever seen. Mr. Matthews has a beautiful plantation of several hundred acres, and raises an abundance of every-

thing that could be desired to He was also impressed with the hospitality which greeted him at the of Captain J. S. DuPuis, and whom he visited.

Dr. Nixon had the pleasure shaking hands with many of his friends while here, all of whom his feel that he was welcome.

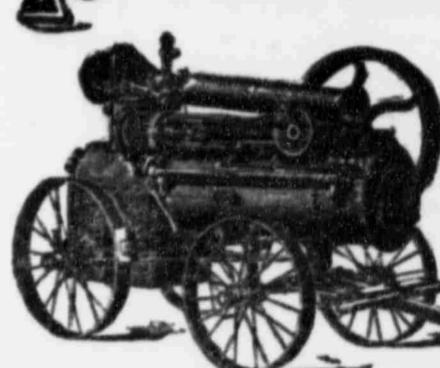

To Be Happy

You must have good health. You can't have good health if you are not doing it's duty—slow but poisoning is going on all the under such circumstances. Bal Herbine makes a perfectly healthy liver—keeps the stomach and right and acts as a tonic for the tire system. Sold by W. M. Johnson.

A new organization of the traveling men of Jacksonville has been formed known as the South Atlantic Commercial Men's Association. They will better transportation and trade facilities, and a protective sick death benefit insurance is provided in the laws of the organization.

Many people delude themselves saying "It will wear away." They notice symptoms of kidney bladder trouble. This is a mistake. Be sure to have your child enter school on the opening day, for a day lost in the education of your boy or girl is seldom made up. In fact, it cannot be made up during the school term.

When women carry pet dogs in their arms while out walking instead of wheeling their children, they have but themselves to blame for the unfavorable impression they make on all sensible people.

After all the man who lives an inconspicuous life has his compensations. He has not to be guarded by detectives when he appears in public, neither does a host of reporters descend upon him and make his life a burden everytime he leaves his house.

A convict sentenced to prison for life is not legally dead. So a New York court has ruled. The sister of a life convict applied for letters of administration on his estate, on the ground that her brother was legally dead. The court said no, and that the property would have to get along as best it might until the man was physically dead or pardoned.

Parents can do much to make or mar the school life of their children. Nothing will spoil a child's future career so readily as unfair criticism of a teacher, and nothing will do more to help make the teacher's work a success than the knowledge that she has the good will and co-operation of the parents. Every sensible father and mother knows this and acts accordingly.

So long as class distinctions based on wealth and accident of birth continue the ideal relation between man and man will never be realized. For a man because he is wealthy to look down upon the poor man who toils with his hands, or for the poor man to harbor resentment against the man who by honest effort and ability has amassed a fortune, is all wrong. The ideal social relation will come when false class distinctions are obliterated and the one difference between man and man be personal worth. This condition today is more nearly approached in rural districts and small cities than in great populous centres where artificial distinctions are so numerous.

The entry of Judge Reeves of Walton county into the race for United States Senator will add new interest to the contest next year. Judge Reeves is one of the best campaigners in Florida, and the other candidates will realize that he is to be reckoned with long before the canvass is over. He made his start in life as a teacher and was Prof. Sheat's strongest opponent for State Superintendent of Schools at the Ocala convention. The editor of The Sun was associated with Judge Reeves for four years in the State Senate, and he was without doubt one of the ablest men that ever occupied a seat in the upper branch of the Florida Legislature.

DON'T DIE ON THIRD.

Maybe you are not a baseball crank. Maybe some of the fan talk don't appeal to you. But whatever you are, and how you feel about it, we want you to read this. It struck the town of Detroit all right. Detroit has a baseball club that has a habit of winning games, and maybe this kind of baseball editorial appeals to the Detroit people. At any rate, it is good stuff. Read it and think about it.

It makes no difference whether you haven't reached first yet, make up your mind that you won't die on third. It's the difference between success and failure.

The hero of the incident related is George Moriarity of the Detroit baseball team, who, instead of "dying on third," with two men out, beat the ball from the pitcher's hands to the catcher's. But read for yourself the moral presented. Then ruminate in silence and alone.

"All the world's a baseball diamond," says The Detroit News. "You are one of the players. Perhaps you have reached first by your own efforts. It may be that the sacrifices of your parents or friends have enabled you to reach second. Then on someone's 'long fly' into the business world—a 'fly' that was not 'long' enough to prevent him going out—or someone's fluke on the rules of simple morality and square dealing, you have advanced to third. The opposition against you at third is stronger than at either first or second. At third you are to be reckoned with. Your opponents converge all their attention on you. Pitchers and catchers, coaches and opposing fans are watching to tip off your plans and frustrate them. From third you become either a splendid success or a dismal failure.

"Don't die on third!"
"What are you doing to win the score that life is ready to mark up against your name? Third base has no laurels on which you can rest. What are you doing on third? Are you waiting on someone to 'bat you in?' Suppose he misses. His miss is yours, too. If you place all your dependence on someone else, his failure spells yours. What are you doing on third? Waiting for 'something to turn up?' Don't—nothing turns up, but the thumbs of the thousands of men who watch you may turn down, and make you a permanent failure. Moriarity wouldn't have scored had he waited, for Mullin didn't hit the ball—and that run was absolutely necessary to save the game. The run was gained in an unmeasurable fraction of time, but the difference between success and failure is very, very often measured in seconds.

"Don't die on third!"—Tampa Tribune.

THE MODERN WAR CHARIOT.

An amusing incident is discussed by H. H. Windsor in his editorial in The October Popular Mechanics. He says: The possibilities of the automobile in warfare have certainly been overlooked by the military authorities; although the great mass of "citizens on foot" have known it for a long time. It is true Germany and England have built a number of armed motor cars carrying rapid-fire guns, but they would appear almost harmless beside the plain, every day article, when properly applied.

The ancients set much store by their war chariots, some of which were provided with great scythes, sharp as razors, which projected on either side of the chariot. When a battery of these led a charge they literally mowed down the enemy by hundreds before the drivers and horses could be slain.

Hundreds of years later, in fact only a few weeks ago, the idea is reincarnated and comes to life as a review of the Territorial, or volunteer, corps in an English village. A party of newspaper reporters, embarked in an automobile, were taking notes and making pictures of the event, and for a time all went well. The car was one of the common, ordinary variety, guaranteed to stand without hitching and all that. Whether after centuries of lethargy the geni of the machine became suddenly aroused at the sight of soldiery, and possessed of an uncontrollable desire to again plunge into a sea of blood, or whether it was a simple case of the chauffeur getting rattled, matters little. The important fact is that the car which had been standing docile at one side, without warning plunged into the line of some 500 troopers, which broke in consternation. During the few seconds of its activity the machine knocked down or ran over several score

Tonic or Stimulant?

There is an immense difference between a tonic and a stimulant. Up one day, way back the next; that's a stimulant. Steady progress day by day toward perfect health; that's a tonic. Ayer's Sarsaparilla is a tonic, a strong tonic. The only Sarsaparilla entirely free from alcohol. Do not stimulate unless your doctor says so. He knows. Ask him. Do as he says. J.C. Ayer Co., Lowell, Mass.

Constipation is the one great cause of sick-headache, biliousness, indigestion, bad breath, debility, nervousness. Has your doctor ever recommended Ayer's Pills to you?

soldiers, and before it could be calmed into obedience had filled a big hospital with the wounded and injured.

Had the attack come from a company of German cavalry or infantry with rapid-fire guns, or even an airship, it is believable the Territorials would have stood their ground until the last man fell, but the awful, irresistible panic of a wild and enraged motor car—and only a two-cylinder car at that—was something which put the bravest to flight.

In explanation it is offered that the action of the troopers were involuntary, like the closing of one's eye to danger, that the habit of leaping and breaking away on the approach of a car had become so fixed as to be practically automatic. The average citizen, however, would always be inclined to make considerable allowance for a firing line which became restless on the approach of a hundred motor cars abreast, at 45 miles or more per hour.

DIVORCE FAIRLY OBTAINED IS A BLESSING.

Judge Henry B. Brown, former supreme court justice, says:

"There is no question connected with the administration of the law so fertile of litigation and so exacting of public attention as divorces. Thousands of decided cases have turned upon their validity.

"The clergy have made them a specialty and have generally been out spoken in denunciation of the acknowledged evils and discreetly silent in respect to their utility, ignoring the distinction between the causes for which they may be granted and the procedure by which they are obtained.

"That separation of church and State which is a cardinal principle of American jurisprudence is nowhere more applicable than in that which concerns the marriage relation.

"It is not perceived why the partnership created by marriage should so far differ from a commercial partnership that one may be dissolved at pleasure while the other is absolutely indissoluble.

"A proper regard for the interests of the State as well as the preservation of domestic happiness would seem to require that when the whole object of the matrimonial compact had been defeated by the habitual, persistent and uncontrollable conduct of either party and that relation which should represent the acme of human happiness is made to stand for all that is most repugnant to our desires and anticipations a severance of the ties should be permitted.

"I cannot recall a divorce fairly obtained, without fraud and upon due and personal notice to the other side, that did not apparently redound to the welfare of the parties and prove a real blessing."

CURRENT COMMENT.

Columbia State: "The country will miss Harriman. His life work was probably not half through. Others will take it up where he left off, but do they know the vast extent of it? Do they know all the conceptions and plans—some of them, perhaps, but half formulated—that were latent in his great brain? And if they do, can they perfect them? Can the country

find another Harriman will, coupled with another Harriman nerve, coupled with another Harriman energy, coupled with another Harriman brain—in short, can the country find another Harriman."

Chattanooga Times: "Compare the sentiment of Dr. Cook uttered on the stage at Copenhagen while addressing an audience of friendly Danes: 'If Peary has won the pole, God bless him. He has worked hard and deserves laurels. One thing sure, the Stars and Stripes are floating at the top of the world!' The answer to that sentiment from Peary was in effect that 'Cook is a fakir.'"

PASCO FOR THE SENATE?

The Savannah Morning News conveys the information that former Senator Samuel Pasco has been discussing in that city the probability of his announcing in the near future his candidacy for the Senate in the primaries of next year. "I am not seriously considering becoming a candidate," Mr. Pasco is quoted as saying, "but there is no telling what may take place in the future. No one can predict future happenings."

If Senator Pasco is considering becoming a candidate for the Senate, the situation in this State will change materially. He is one of the "old school" Democrats, a man strong and influential in every section of the State and one who would at once become a commanding figure, should he enter the race.

Senator Pasco's friends in this section have had no idea that the Senatorial lightning was cutting capers in his immediate vicinity. If he does consent to run, thousands of his old supporters in South Florida would be once more pleased to rally to his support.—Tampa Tribune.

THE SUN'S CORN CONTEST.

With a view to showing what is done in Alachua county in the way of producing corn, The Sun offers the following cash prizes for the best corn brought into the office before October 15th, 1909:

Best stalk of corn, showing two or more well-developed ears... \$3.00
Second best stalk of corn..... 1.50
Best ear of corn 2.00
Second best ear of corn..... 1.00

The corn entered must be grown in Alachua county; must be delivered at The Sun office, all charges paid, before October 15th, and be accompanied by the grower's name, address, number of acres grown, average yield per acre, variety, and a short description of the method of cultivation.

The exhibits will be placed in some public place and left on exhibit for a few days at the close of the contest.

The awards will be made by competent farmers, who have not entered any corn in the contest.

The object in offering these prizes is to stimulate our farmers to better things in the way of crops for home use and to ship.

A DUMP-CART OUTING.

MICANOPY, Sept. 18.—Miss May Starke (Mrs. A. H. Emerson's charming cousin from Jacksonville), Miss Isabel Patton (one of the belles of Gainesville), Miss Rosalie Smith (a Daytona Beach heart-smasher), and Miss Cora May Simonton (Queen of Micapony), who are attending Mrs. A. H. Emerson's "house party," had a very pleasant ride in one of Mrs. Emerson's large touring cars Friday through Micapony and the surrounding country.

The young ladies were enjoying the scenery while spinning up "Silvery avenue," when the car became unmanageable, and took a leap in the air, causing the young ladies to have a sitting contest in one of Micapony's principal streets. Miss Starke, being the heaviest, we think won the contest by sitting down the hardest. The young ladies all received slight bruises, we think, as they took their suppers standing Friday night. Mr. Tom Carlton, one of Micapony's most prominent young men, who was having an outing with the ladies of the "dumping party," was seen the following evening. He was able to be out, but still had the dumps. Mr. Leon Thrasher, who was standing in a nearby store, and who was a witness of the grand dumping, hurried to the scene and assisted the ladies to regain their feet and restore their combs, hairpins and jewelry. Mr. Thrasher has our life-time friendship for the deed. Reynolds, the chauffeur from Panama, had quite a thrilling experience, holding on to the fly distributor of the old gray mule, although he stayed at his post of duty and soon got the animal under control.

THE RED SKINS WIN BOTH GAMES FRIDAY

WON IN AFTERNOON BY SCORE
OF 5 TO 4, NIGHT GAME 7 TO 6.

Both Pitchers Did Good Work in the
Afternoon Game, But Errors
Responsible for Defeat.

From Saturday's Daily Sun.

The Chickasaw Indian baseball team celebrated their appearance here yesterday by winning two games from the Oak Halls, one in the afternoon by the score of 5 to 4 and the evening game by the tune of 7 to 6.

The crowd at the afternoon game was not as large as was anticipated, but those who attended saw an interesting, though slow game. The Red Skins can put up a good game, for they are all good players, and are handy with the stick.

Only three of the regular Oak Halls were in the line up for the locals, but they put up a good game at that, and are going to play for all they are worth to take the game today. The Indians state that they will show the local fans how the game should be played when they trot out on the diamond this afternoon. Let everyone attend the game this afternoon, as it will be their last chance to witness a baseball contest this season.

"Pop" Watson pitched a magnificent game, and Waller, behind the bat, caught a pretty game. Sandy Graham carried off the fielding honors by his clever fielding at short. Hendricks was in his old-time form, scooping up everything that came within his reach and tossing them over to first with great accuracy.

The Indians have a cracker-jack team, and when they want runs they get busy with the stick and get them, too. Gorman, on short, for the Indians fielded his position nicely, while the battery, Pique and Hartley, were as good as any seen here this year.

Wahoo Horseinthewoods will probably do the twirling for the Braves today, and he is said to be the only real "spit-ball" artist in captivity.

In the eighth inning Big Chief Curly hit a line drive to right which went outside the line, and the umpire called it a foul ball. The Indian yelled: "Uh! uh! heap fair ball, Ump!"

The Afternoon Game.

The Red Skins started the run-getting in the second inning when McDole sent a short fly to left, which dropped safe, Gorman sacrificing him to second; Pique singled to left, sending McDole across the plate with the first run of the game. Pique swiped second, where he died, as Curly and Nona could not connect with Watson's slants.

The game went merrily on with neither side scoring until the fourth, when the Indians got busy again on a bunt by Gorman, a stolen base and a single to right, netting one run. It looked as if the locals were going to be blanked, for they were going out in one-two-three order. However in the fifth the Oak Halls took a decided brace and scored three runs. Watson hit to third and was safe on first on an error; Clark fanned; Hendricks, running for Watson, stole second; Wilson hit to first, who threw to third to catch Hendricks, and both runners were safe; Wilson swiped second; Douglass came along with a timely single to right, scoring Hendricks and Wilson, and taking second himself on the throw to the plate; Baldwin hit to pitcher, who tried to catch Douglass going to third but failed, both runners safe; Baldwin stole second; Hendricks flew out to left, scoring Douglass; Graham flew out to center. This ended the run-getting for the locals until the ninth.

The Braves, one run behind, jumped in and one measly single coupled up with numerous errors, managed to send three Braves around the circuit. In the ninth Davis' Colts made a desperate effort to overcome the lead of the Indians, but the best they could do was to send one man around the circuit. This was made by Tim Hendricks, the Oak Hall's daring baserunner, who swiped second and third, and came home on a low throw by the catcher when he swiped third base.

The Night Game.

The evening game went to the Indians by the score of 7 to 6. The diamond was lit up by thirteen power-

ful lights, the bases were shortened to a little over half the regular distance, and it was a hard matter to knock the ball outside of the infield. The ball used was nearly the size of a football, but considerably softer, and the bat considerably smaller than the regular baseball bat. The Indians, being more familiar with handling the ball, points of the game, etc., had little difficulty in winning, and made runs at will. One Red Skin hit a slow infield grounder and made a circuit of the bases without stopping, the locals failing to handle the ball properly.

Tim Hendricks starred on the bases for the locals, stealing second, third and in home in one inning, besides pitching a good game. He soon caught on how to curve the sphere, and he had slants and warps to burn. Waller did the receiving without the aid of a lantern.

It was one of the largest and most enthusiastic crowds of the season that witnessed the evening game. The grandstand was packed and the field overflowed with eager spectators, who wanted to see the National game played after dark. The contest only lasted seven innings and required the short time of forty-five minutes to play it.

MR. EDDINS TO WED.

Will Lead to Altar Popular Baltimore Belle, Well Known Here.

Invitations have been received in this city to the wedding of Mr. William R. Eddins and Miss Helen Virginia, daughter of Mr. and Mrs. George W. Blessing, which will be solemnized at the Methodist Episcopal church, Baltimore, on Wednesday evening, September 29, at half-past six o'clock.

The contracting parties are well known and popular here. The prospective groom is a son of Mr. and Mrs. J. R. Eddins, and stands high in social and commercial life, being a member of the Eddins Manufacturing Company, and an officer of that company.

The bride-elect has also resided here, and during her stay made many warm and lasting friends, who will be delighted to learn that she will return as Mrs. Eddins.

After a month spent in traveling, Mr. and Mrs. Eddins will be at home to their friends on Thursdays.

Congratulations are extended in advance.

MARRIAGE AT JUDSON.

Two Well-Known and Popular Young People United in Wedlock.

JUDSON, Sept. 17.—This town was the scene of a happy marriage recently, the contracting parties being W. H. Weeks and Miss Merla, daughter of Mr. and Mrs. W. C. Curry. The ceremony was performed at the home of the bride's parents, Notary Public R. S. Tucker officiating. A large crowd was present, and many congratulations and best wishes were extended to the happy couple.

The farmers shave about finished gathering their cotton, and are now selling it mostly in the seed at an average of \$5.50 per hundred. The crop will be at least fifty per cent short.

Prof. E. H. Collier.

From Saturday's Daily Sun:

Among the visitors to the city yesterday were Prof. and Mrs. E. H. Collier, who arrived from Interlachen, en route to Newberry. They have been for the past few days on a visit to Prof. Collier's parents, Rev. and Mrs. J. S. Collier, at Interlachen. Prof. Collier, who taught the Martha Perry Institute last term, has been appointed principal of the Newberry school for the coming term, and his assistants will be Miss Florence Ballis, a well-known and competent teacher of this city, and Miss Pattie Lane of Citrus county, who also comes highly recommended. The school will open next Monday.

Off to the Mines.

Deputy Sheriff Bruton left yesterday for Holder, having in custody two negro prisoners.

Pete O'Neill, convicted of breaking and entering a railroad car (two counts), was given twelve months, while Columbus Rhodes, charged and convicted of assaulting a woman, got sixty days. Both will spend the term of sentence in the phosphate mines at Holder.

OAK HALLS DEFEAT CHICKASAW INDIANS

CRICKET PREWITT PITCHED EX-
CELLENT GAME FOR LOCALS.

"Skinney" Waller Did Fine Work as
Catcher—Oak Halls Also Won
the Night Game.

From Sunday's Daily Sun:

The Chickasaw Indians have come, have partly conquered and have gone, but the local fans who gathered at the ball park yesterday afternoon had the pleasure of witnessing a clean defeat of the Chickasaws, the score being 2 to 0.

The game was almost errorless from start to finish, and was thoroughly enjoyed by all present. The battery for the locals, Prewitt and Waller, were at their best, and at two or three stages of the game saved the day, and prevented the Indians from reaching the home plate. Prewitt and Waller are two clever kids in the game, and are destined to make a record. Prewitt, who is from Waldo, has won nearly every game in which he went in the box this season, and he has been pitted against some fast players, and his home town has a right to feel proud of his work this season.

Douglass, Hendricks, Clark, "Pop" Watson, and in fact all the Oak Halls, played pretty ball, while the Indians were steady at every stage of the game, the work of their battery being especially pretty.

How the Runs Were Made.

Taylor singled over short; Waller hit to pitcher, who threw Taylor out at second, Waller landing safe at first; Watson took his base on four wide ones; Wilson bunted and was out at first, but both runners advanced one base; Waller scored on a passed ball, Watson taking third; Douglass walked, and Watson stole home; Prewitt ended the inning by striking out.

The Night Game.

The teams played the final game last night, the score resulting in a victory for the Oak Halls, the score being 4 to 3. In this game Watson got one "home run," placing the balloon over the second sack.

FOR CITY MARSHAL.

To the Voters of the City of Gainesville: A special election having been called on Tuesday, October 19, for the election of a Marshal to succeed Ben T. Arnow, resigned, I beg to announce that I will be a candidate for that office, and ask the support of my friends. Being thoroughly experienced along the line of police work, which has been gained by a practical experience, and being now acting Marshal, if my action in this capacity meets your approval, I ask your votes to be continued in office. Sincerely, HARRY L. OWENS.

Columbia College at Lake City will open Wednesday, Sept. 29th, and there is every indication of a very large attendance this year.

DR. CLOAR ARRIVES.

Reception Tendered New Baptist Minister at McClellan Home.

From Saturday's Daily Sun:

After a delay of one day, caused by misunderstanding in railroad connections, Rev. J. J. Cloar, the newly appointed minister of the First Baptist church, arrived in the city from Owensboro, Ky., Friday afternoon over the Seaboard Air Line. He was met at the station by a committee composed of Deacons Robert McClellan and J. M. Rivers, and accompanied to the home of Mr. and Mrs. McClellan in an automobile.

The entire Baptist congregation were anxiously awaiting the arrival of Dr. Cloar, and were pleased to learn of his coming last night.

A reception was tendered at the home of Mr. and Mrs. McClellan Friday night, which was largely attended by members of the Baptist church and their friends of other denominations, also by ministers of the various churches and their families, and during the evening a spirit of good fellowship prevailed, which made Dr. Cloar feel that he was welcomed "in the house of his friends."

During the evening delicious punch and refreshments were served, and altogether the occasion was a most enjoyable one.

Dr. Cloar will fill his first engagement at the First Baptist church tomorrow, which may be in the nature of a union service. He comes highly recommended, and it is hoped he will be pleased.

PLEASANT SURPRISE PARTY.

Tendered to Mr. and Mrs. J. S. Crown at Rocky Point.

The home of Mr. and Mrs. J. S. Crown, Sr., presented a happy scene Wednesday night, when, in commemoration of the anniversary of the nineteenth year of married life of this estimable couple, a large number of friends of the neighborhood gave them a complete but most agreeable surprise.

Just after the supper hour the party invaded the home, but Mr. and Mrs. Crown, as usual, were equal to the occasion, and it was not long before a genuine good time was in progress. During the evening delicious refreshments were served.

The party was suddenly broken up about 11 o'clock by another surprise of an exciting nature, which had not been anticipated on the program. A telephone message came that someone had tried to break into the store of J. H. Crown, and Mr. Crown, who happened to be at the store, made a third surprise, as the parties evidently believed him to be at the home of J. S. Crown, where the party was in progress. Mr. Crown's gun failing to work, he called over the phone for assistance, and a half-dozen or more stalwart men rushed to the scene, only to find upon their arrival that the would-be burglar had made his escape. The night was dark, and no attempt was made to track him, although tracks were numerous around the store.

IN COUNTY JUDGE'S COURT.

Prominent Autoist Found Guilty of Reckless Driving of Machine.

From Sunday's Daily Sun:

There was an interesting case in the County Judge's court Friday, especially to owners and drivers of automobiles, as it was a case in which was to be settled the rights and privileges of these vehicles on the public highway.

The case was that of the State vs. Dr. M. H. DePass, who was arraigned upon a charge of exceeding the speed limit, or in plain words, reckless driving on the public road. The complainant was Robt. L. Barton of Rocky Point, who cites in the charge that the defendant met him on the road some time ago, the defendant in his auto, the plaintiff driving a horse attached to a buggy. The petition further cites that the defendant, being cognizant of the fact that the two vehicles must meet, did not exercise the proper precaution, thereby causing his horse to become unmanageable.

The case was tried by a jury, of which Major John W. Tench was foreman, and the verdict was rendered in favor of the plaintiff.

Sentence was suspended in the case, as attorneys for the defense gave notice that they would argue for a new trial on Tuesday or Wednesday.

NEGRO SAYS HE WAS WITH PEARY AT POLE

And Shared In The Glory By Helping To Unfold The Stars and Stripes.

BATTLE HARBOR, Labrador, (By Wireless Telegraph via Cape Ray, N. F.) Sept. 16.—"We hoisted the Stars and Stripes twice at the North Pole," said Matthew Henson, Commander Robert E. Peary's colored lieutenant and the only other civilized man, according to Peary, who ever saw the pole.

Henson last night gave to the Associated Press an account of the night and two days he and Commander Peary and four Eskimos camped at ninety degrees north latitude. Henson personally assisted in raising the American flag, and he led the Eskimos in the cheers, and an extra cheer for old glory in the Eskimo tongue.

"Having spent eighteen years with Commander Peary, and a considerable portion of that time in the Arctic," said Henson. "I have acquired a knowledge of the dialect of the Northern Greenland Eskimos, who probably are superior to any other. As is commonly known to travelers in the far North, the Eskimo entertains a strange prejudice toward any tongue, but one, and it is therefore necessary for successful dealing with them to study their unwritten language.

"We arrived at the pole just before noon, April 6, the party consisting of the commander, myself, four Eskimos and thirty-six dogs, divided into two detachments equal in number and headed respectively by Commander Peary and myself. We had left the last supporting party at 87 degrees, 53 minutes, where we separated from Capt. Bartlett, who was photographed by the commander. Capt. Bartlett regretted that he did not have a British flag to erect on the ice at this point, so that the photograph might show this as the farthest North to which the banner of Great Britain had advanced.

Made Snow Shoes.

"I kept a personal diary during this historic dash across the ice field. Our first task on reaching the pole was to build two igloos as the weather was hazy and prevented taking accurate observations to confirm the distance traveled from Cape Columbia. Having completed the snow houses, we had dinner, which included tea made on our alcohol stove, and then retired to rest, thus sleeping one night at the North Pole.

"The Arctic sun was shining when I awoke, and found the commander already up. There was only wind enough to blow out the small flags. The ensigns were hoisted toward noon from tent poles and tied with fish lines.

"We had figured out the distance pretty closely and did not go beyond the pole. The flags were up about mid-day April 7, and were not moved until late that evening. The haze had cleared away early, but we wanted

some hours to take observations. We made three close together.

"When we first raised the American flag its position was behind the igloos, which according to our initial observation, was the position of the pole, but on taking subsequent observations the Stars and Stripes was moved and placed 150 yards west of the first position, the difference in the observations being due perhaps to the moving ice.

Eskimos Showed Pleasure.

"When the flag was placed, Commander Peary exclaimed in English: 'We will plant the Stars and Stripes at the North Pole.' In the native language I proposed three cheers, which were given in the Eskimos' own tongue. The Eskimos danced about and showed great pleasure that the pole at last was reached."

Henson, who reached the farther North with Peary three years ago, said that conditions were about the same at the pole as elsewhere in the Arctic circle. All was a solid sea of ice, with a two-foot lead of open water two miles from the pole.

Commander Peary conversed further yesterday with the representative of the Associated Press regarding his journey to the North Pole. He spoke particularly of the flags he raised at the pole and the records he left there, and he touched again on some of the assertions credited to Dr. Frederick A. Cook.

Commander Peary said that when he reached the pole the first flag to be thrown to the breeze was a silken American emblem presented to him by his wife fifteen years ago. He had carried this flag on every one of his expeditions to the North, leaving a piece of it at the highest point he attained. The last remnants were raised and left at the pole. The explorer then raised the navy ensign, the flag of the Delta Kappa Epsilon fraternity, and finally, a flag of peace.

Commander Peary yesterday received a cablegram asking him to make a statement regarding a report from a Danish source that he had posted a notice on the Greenland coast to the effect that Dr. Cook was dead, making this notice a pretext for the appropriation of Dr. Cook's supplies. The explorer said to the Associated Press representative that he knew nothing of this; that it evidently was a newspaper publication.

In referring to the reception being planned for him when he reached home, Commander Peary asked the Associated Press to publish the following statement:

"From such fragmentary reports as I have received I am more touched, gratified and honored than I can say at the way the public has treated my work."

A Mother Lost Her Baby From Trolley Car Window

ATLANTA, Ga., Sept. 17.—The lady who lost her baby from the trolley car window on one of the lines of the Georgia Railway Electric Company the other day didn't have to advertise to find it. She told the conductor about it.

"I lost my baby out of the window," she said. "Will you please stop the car and get it for me?"

The conductor stopped the car and ran back. He found the baby sitting on the macadam road by the trolley tracks, yelling lustily. He was somewhat confused when he got back to the car, for he feared the infant had been hurt by its fall.

"Is this yours?" he asked. It was hers. She fondled it rather tearfully and it was soon cooling in her lap again. The car proceeded on its way and the baby wasn't lost again—at least on that trip.

The written report of this incident reached the officials of the trolley

company next day and nobody would believe it until the conductor verified it by word of mouth. The report had been sent in along with reports of packages found on the cars, hats blown out of the windows, and various other incidents of daily trolley traffic. The first man who got the report passed it up under the impression that it was a "basket lost out of the window," and the next man who got it had to read it twice to make sure he was seeing straight.

It is the first accident of its kind ever reported in Atlanta.

S.S.S. MAKES A LASTING CURE

Not only its proven ability to cure, but its absolute safety as a remedy, has made S. S. S. the most extensively used of all medicines in the treatment of Contagious Blood Poison. Unlike the strong mineral mixtures, which temporarily remove the outward symptoms and shut the disease up in the system, there to carry on its destructive work on the delicate and vital organs, S. S. S. strikes directly at the root, and by purifying the blood of every trace of the virus, completely and permanently cures the trouble. S. S. S. is Nature's blood purifier, harmless in its action and certain in its good results. It is made from a combination of roots and herbs, each of which has a definite and specific action in purifying the blood. Years were spent in selecting and proportioning the different ingredients, but when S. S. S. was perfected it soon demonstrated its superiority over all other blood medicines, and now, after 40 years, it is still the one and only certain cure for Contagious Blood Poison. While driving out the poison from the circulation S. S. S. builds up and strengthens the system by its fine vegetable tonic effects. If you are suffering with Contagious Blood Poison S. S. S. is your most certain reliance, and because of its freedom from mercury, potash or any other mineral, it is absolutely safe for every one. THE NEGRO AND THE GOPHER.

Incident in Which a Negro, a Gopher and Ventriloquist Figured.

A rather amusing incident is related at the expense of a negro recently employed by T. J. Swearingen at Kanapaha, which caused the man to lay down his tools and quit the place.

Some time ago a man who appeared to be intelligent enough, but rather "down and out," appeared at the Swearingen commissary for a job. There was nothing for him at the time, but, being of a rather witty and entertaining disposition, he was invited to sit down for a while.

The invitation was accepted, and by his clever versatility the man was entertaining quite a crowd who had assembled about him. Presently he saw the negro in question advancing with a gopher under his arm.

"Boys," he said, "I am somewhat of a ventriloquist. Watch us have some fun with that nigger." As the negro approached he hesitated, being prompted by curiosity at the crowd at the commissary. As he paused almost in front of the ventriloquist the latter threw his voice into the gopher.

"What yer gwine ter do wid me?" came apparently from the gopher. "Fer de Lawd's sake, people, I b'lieve dis gopher dun said sum'n," remarked the negro in astonishment.

"Tell me, what yer gwine ter do wid me?" again emanated from the throat of the gopher.

This was too much for the negro. "I tells yer what I'm goin' to do wid yer; I see gwine ter put yer down right here, an' I don't want nothin' else to do wid yer."

With that, amid a roar of laughter, the negro dropped the gopher, made a hasty retreat, and has not been heard from at the Swearingen place since.

MR. WILBURN INJURED.

While Cleaning Rifle Contents Went Into Hand, Which Caused Pain.

From Friday's Daily Sun.

Friends of H. R. Wilburn, one of the efficient salesmen in the store of the Gainesville Hardware Company, will regret to learn of his recent misfortune, which has caused no end of pain and trouble.

While engaged in rubbing up a rifle at the store, which it appears had been loaded, the piece was discharged, the ball entering one of his hands. A physician was summoned and rendered professional aid, but at last accounts the wounded member was giving him considerable trouble, and it is feared blood poison will set in.

He scorched upon the street,
He scorched away from rivals,
He scorched his friends to meet.

He scorched in pleasant weather,

He scorched when they did not.

At last his neck he broke it,
When scorching on a bet;
And for all that you or I know,
He may be scorching yet.

DR. TISON WON PRIZE.

Awarded Gold Fob for Making Best Average in Gun Club.

The shoot of the Gainesville Gun Club—at least the trial shoot of the seven highest average—has just been finished, with the result that to Dr. Gordon B. Tison belongs the honor of carrying off the championship trophy, a handsome gold locket fob.

The members of the club who entered this contest have manifested a great deal of interest in the shoot, as all are good marksmen and enthusiastic sports along this line. The contestants were allotted 200 targets, using twenty-five each every second and fourth Thursday in each month, and the following is the score at the close:

| | |
|-----------------------|-----|
| Dr. Gordon B. Tison | 174 |
| Captain J. Maxey Dell | 165 |
| Dr. J. H. Alderman | 164 |
| Dr. W. M. Johnson | 159 |
| C. W. Sprouell | 146 |
| J. S. Shands | 146 |
| Alex Howe | 141 |

The club will now take a rest until spring, after a most successful season, in which all members manifested a deep interest. The club is regarded as one of the best in this section of the country, and a number of crack marksmen made it interesting and encouraging for those who were less practiced in the earlier part of the season. As a result some really clever marksmen were developed.

The club offers Captain J. Maxey Dell as the expert one-armed marksman of the State, and, as the score shows, he made a remarkable record, coming out second in the contest, and only a few points below the winner. Dr. J. H. Alderman also made a fine record, and declares next season the trophy will belong to him.

Lieutenant McCormick Married.

Lieutenant Harvey McCormick, U. S. N., was married in San Rafael, California, Wednesday, to Miss Ethel Cramer, a well-known and popular young lady of San Francisco.

Lieutenant McCormick is well-known in this city, where he was reared. He is a grandson of Mrs. S. M. Adamson, and a graduate of the Gainesville Graded and High School, where he was always regarded as very bright in his studies. After graduating, he entered the Naval Academy at Annapolis, from whence he was assigned to the Pacific Coast. He is now a lieutenant on the torpedo boat "Truxton," and has just returned from a cruise in Alaskan waters.

The only relative of the groom present at the ceremony was an uncle, C. B. McCormick, of Leesburg.

Lieutenant McCormick's numerous friends throughout this section join in extending congratulations.

R. H. OWEN IS AGAIN IN THE PUBLIC PRINT

Declares He Was Not Given Chance of a Dog in His Trial in This County.

R. H. Owen, the condemned Alachua county murderer, has again broken into public print, as shown by the following from last Wednesday's Jacksonville Metropolis:

"Strongly denying his guilt, under the 'unwritten law,' R. H. Owen, the white man who for some weeks has been held at the Duval county jail for fear he might be lynched by people of Alachua county, where he killed R. L. Smith and Mueslewhite, has addressed a letter to The Metropolis, in which he declares Governor Gilchrist will pardon him, that he was not given the chance of a dog in his trial, and that certain officers will go to the chain gang on account of his prosecution. He takes The Metropolis to task for using the term 'cold-blooded murder,' which was used only in expressing the opinion of those responsible for his prosecution and conviction.

Owen's Letter.

"Owen's letter, which was re-written because he did not express himself plainly and spelled poorly, is as follows:

"To the Editor of The Metropolis: 'I notice in writing me up in your paper you charge me with cold-blooded murder. I want to ask your

readers what cold-blooded murder is, and what you call a right of home duty—a gentleman's duty to take care of his house and his life. The man I killed came to my house, coming up the back way, trying to murder my wife, when she was at her own home. When I heard them cursing my wife I went to her at once, as a husband will, for it is his duty, and a right granted him by the law to protect and defend his wife.

"When I saw I was overpowered I ran to the other house, just a few yards away, but I was crowded, and had to stop and defend myself, and shot. The coroner's jury wanted to turn me loose, but I will tell you the truth. Governor Gilchrist, when he finds out more about my case, will give me my liberty, and some of the officers of the law will get on the chain gang.

"I was not given the chance of a dog. I gave up like a man, and my wife and self have been dealt with like common dogs. It is a disgrace to the State at large to allow a poor family to be dealt with in such a way as we have been. I have written it all up, and will publish it at some early date. Respectfully,

"R. H. OWEN."

Postoffice Department Deficit Greatest Ever

WASHINGTON, Sept. 15.—The deficit in the Postoffice Department for the fiscal year ending June 30, 1909, has not been fully computed but it is believed that it will be greater than the deficit of the previous year, which footed up \$16,873,222. The deficit of two years ago was the greatest in the history of the department; that the deficit for last year should be even greater is neither surprising nor alarming. Nevertheless, the tendency of the deficit to increase has called for the serious attention, not only of the present postmaster-general, but of his predecessor, and in considering the situation both have been confronted by a problem very different from any that arises when the question

of economizing presents itself in any of the other departments of the Government.

In the operation of the Postoffice Department many branches of the service fail to exhibit profits in dollars and cents. The public demands the service of these branches, whether it can be furnished with profit or at a loss, and the public would not hear of any curtailment even in the interest of apparent economy. Behind the entire postoffice establishment there is a tacit understanding that profit-making is not one of its purposes. It is intended by the Government, and this intention is approved by the people, that the postoffice shall give its patrons more than the worth of their money.

YOUNG MEN, LEARN TELEGRAPHY!

Telegraph Operators Are in Great Demand.

Boys, this is your opportunity to learn a first-class trade that pays a good salary every month in the year. There will be a greater demand for Telegraph Operators this Fall and Winter than there has been for many years past. The prominent railroads of the South and other parts of the United States are writing us to qualify as many young men of good character for their service as we possibly can. We trust that the reliable, ambitious boys of the South will rally to this golden opportunity.

Our students qualify for service in only four to six months. We guarantee positions. Graduates begin on \$45 to \$65 per month; easy employment; rapid promotion.

Our tuition is reasonable; board at low rates; Newnan is extremely healthful; fine climate; excellent drinking water. Write at once for our new illustrated catalogue. A letter or postal will bring it. IT IS FREE.

SENT UP FOR TRESPASS.

John Henderson of High Springs Must Spend Time in Jail.

In Justice Bexley's court at High Springs last Thursday, John Henderson, colored, well known in that section of the county, was arraigned and convicted upon a charge of trespass upon the lands of another.

After hearing the evidence in the case, Henderson was adjudged guilty by the justice, and was sentenced to pay a fine of \$10 and costs, or spend sixty days in jail.

Not being in a position financially to pay the fine, the man was brought to this city, and after spending the required five days of his sentence here will be sent to the mines, unless he arranges to pay his fine in the meantime.

Health and Beauty Aid.

Cosmetics and lotions will not clear your complexion of pimples and blotches like Foley's Orino Laxative, for indigestion, stomach and liver troubles and habitual constipation. Cleanses the system and is pleasant to take. W. McCollum & Co.

The projectors of the Quitman and Gulf railroad are hard at work. An offer has been made by the Chamber of Commerce of assistance in the construction of this road, provided that it will be built to pass through Tallahassee on its way to the Gulf.

Your complexion as well as your temper is rendered miserable by a disordered liver. By taking Chamberlain's Stomach and Liver Tablets you can improve both. Sold by all druggists.

PROLIFIC POTATOES.

Evidence of What Can Be Done On Florida Soil.

The greatest curiosity we have ever seen in the sweet potato line was exhibited at The Sun office Thursday. W. M. Hall of Ocklawaha sent to this office by F. T. Douglas two roots from tubers of the Nancy Hall variety, one of which contained 24 potatoes and the other 17, several of the smaller tubers having been broken off the latter. These potatoes were planted by Mr. Hall on July 15th, and The Sun regrets that he did not let these two particular roots remain in the ground and mature until Jack Frost made his appearance. We hope to hear more from Mr. Hall regarding the yield of tubers from this variety.

Woman's Beauty

Some women retain their beauty to an advanced age. But women, who regularly endure pain, rapidly, for suffering leaves its lasting marks on them.

Nearly all women suffer more or less with some form of female trouble. It should not be neglected. Avoid the pain—treat yourself at home by taking Cardui, as thousands of other women have done. Begin at once and give Cardui a fair trial.

TAKE CARDUI

It Will Help You

Mrs. Katie Burlison, Goreville, Ill., tried Cardui and writes: "I suffered with female troubles, and was so sick I could not get on my feet. Finally I began to take Cardui, and soon began to mend. Now I am able to do all my housework and am in much better health than I was before." Try it.

NEWS OF CITY AND COUNTY CONDENSED

MATTERS OF GENERAL INTEREST SECURED BY SUN REPORTERS.

What Has Happened and What Is Going to Happen—Personal and Social Items of the City.

From Friday's Daily Sun.

Miss Eva Mae Rollins of Rochelle favored Gainesville friends with a visit yesterday.

J. I. Carter, a progressive farmer of Fairbanks, was trading in the city yesterday.

Miss Mae Kirby has returned from Jacksonville, where she has been on a visit to friends.

Mrs. Arthur Dobbins left yesterday for Jacksonville, where she will visit her father, Johnson Manning.

Mrs. M. J. Beckham and daughter, Miss Agnes, of Windsor, spent the day with friends in this city yesterday.

Mrs. Marcia Turner and Mrs. C. D. Butts of Rochelle were among those who came to Gainesville shopping yesterday.

Robert Barton of Rocky Point, a successful trucker and farmer of that section, was a visitor to Gainesville yesterday.

H. A. Pickett of Newberry, who owns considerable property of value in this city, was looking after his interests here yesterday.

Mrs. S. B. Rogers and children and Miss Sue Simpson returned yesterday from a pleasant outing of several weeks at Daytona Beach.

A. U. Hilleary of Micanopy, one of the leading citizens of that town, was in the city yesterday, having come on some very important business.

Mrs. J. B. Brooks and children left yesterday for Augusta, Ga., where they will spend the next few weeks as guests of relatives and friends.

Earle Kelley has returned from Jacksonville, Atlanta and other points, where he has been on a vacation for the past few days. He reports a fine time.

Miss Emma Entenza of Waldo was shopping in the city yesterday. She was accompanied by Miss Smith, a charming young lady of St. Augustine, who is her guest in Waldo.

From the frequent firing of guns in the vicinity of Gainesville it is evident that the game law is being violated. The game warden should "get busy" and run in these offenders of the law.

S. V. Duke is improving his property at the corner of South University and East Union streets, by having a concrete sidewalk laid. This will afford much comfort to pedestrians who have occasion to go that way.

W. J. Waits, who is engaged in farming near Fairbanks, was among those who favored the county capital with a visit yesterday. Mr. Waits brought a couple of bales of seed cotton, which he left to be ginned and baled.

Mr. and Mrs. James Hague of Hague were trading in the city yesterday. Like the majority of other farmers, Mr. Hague reports the cotton crop very poor, but says he will make plenty of corn and potatoes, as well as sugar cane.

Judge E. A. Pinnell of Bronson was in the city yesterday, having come on some professional business. He was accompanied by his son, Wesley, formerly of Bronson, but now residing in Marianna. He has been on a visit to his father, and was en route home.

Dr. Hugh Morrow has arrived in the city, and is welcomed by his many friends. He will be the guest of his parents, Col. and Mrs. A. P. Morrow, for the next few days. Dr. Morrow has been for the past few months the house physician at the Elexian Hospital, Elizabeth, N. J.

Mrs. W. M. Johnson and niece, Miss Emma Lee Hudson, are at home again, after a delightful vacation covering a period of several weeks. They spent some time at their former home, Wilson, N. C., and also visited Onancock, Va., and Philadelphia. Friends are glad to welcome them again.

Mrs. J. E. Futch and daughters, Misses Marion and Eva, have returned from a most enjoyable vacation. They visited Tate Springs, Tenn., Knoxville, Tenn., and Atlanta, but spent the greater part of the time at Tate

Springs, a fashionable and health resort. Friends are glad to welcome them home again.

J. S. Haddock and wife, who came to Gainesville for the purpose of attending the golden wedding of Mrs. Haddock's parents, Judge and Mrs. H. G. Mason, left yesterday for their home in Richmond, Va. Mrs. Haddock has many friends here who are always glad to greet her, and who regret the time for her departure.

Misses Mary Phifer and Leo Baker left Tuesday for Macon, where they will attend the Wesleyan Female College, one of the finest educational institutions for women in the South. They were accompanied as far as Jacksonville by W. B. Phifer, father of Miss Mary, who saw them comfortably placed aboard a sleeper.

N. W. Littlefield of Blackshear, Ga., is at the Brown House. He is a frequent visitor here now, looking after the purchase of cotton in this section for his house. Mr. Littlefield learned the cotton business under the late Walter G. Robinson, and since the latter's death is regarded as the best judge of Sea Island cotton in Georgia and Florida.

Mrs. L. M. Brinkley, who has been visiting her sister, Mrs. E. C. McLeod and Miss Julia Carter, left yesterday for her home in Louisiana. She was accompanied as far as Lake City by Miss Carter, where they will visit friends for a few days, when Mrs. Brinkley will proceed on her way home and Miss Carter will return to Gainesville.

L. C. Smith, foreman of one of the turpentine places of the Cummer Lumber Company near Newberry, was among the visitors to Gainesville yesterday. Mr. Smith, who is regarded as one of the most experienced naval men in the country, states that the still located on the place where he has been for the past few years, will shortly be removed to another point more accessible to the timber.

From Saturday's Daily Sun.

W. A. Shaw and son, Johnnie, were in the city from Monteccha yesterday.

George Taylor of Palmer was a business visitor to this city yesterday.

Rev. Dr. Duncan of Micanopy favored Gainesville with a visit yesterday.

J. D. Reeves, a contractor of Micanopy, was a business visitor to this city yesterday.

Cricket Prewitt of Waldo is in the city, having come to play in the ball games against the Indians.

E. W. Millican of Waldo was in town yesterday and purchased a fine pair of mules from Oliver & Kite.

R. R. Duke, one of the progressive citizens of Santa Fe, was in the city yesterday and made The Sun office an agreeable call.

A. B. Oliver left yesterday for the markets to purchase another carload of horses and mules for the livery firm of Oliver & Kite.

Mr. and Mrs. William Goolsby and baby were in the city from Monteccha yesterday. The little one was ill, and was brought here for medical attention.

Dr. Frank McRae of Melrose was in the city yesterday. The Doctor traded for an automobile which he will use in making his professional calls in that section.

L. G. Connell and J. C. Hague, two of the leading citizens of Tyler, were in the city yesterday and favored The Sun office with a pleasant call. They report the business outlook very promising in their section.

Mrs. V. E. Spence of Arredondo was among those who favored the city with a visit yesterday. While here she had her name enrolled as a subscriber to The Sun, as she desired to keep posted on the happenings of the city and county.

W. J. Hodge of Alachua, one of the most widely-known citizens of that section of the county, was trading in the city yesterday. Mr. Hodge, in connection with his farm, conducted a meat market in Alachua for a number of years with great success.

Wade Thomas, one of the progressive planters of the Monteccha section, was trading in the city yesterday. Mr. Thomas was one of the losers in the fire of the Turner gin at LaCrosse a few days ago, and is receiving the sympathy of his friends.

Jesse R. Emerson and son, Rutledge, arrived in the city yesterday from Orange Park, where they have been for the past few months. Mr. Emerson, who is a practical road builder, has a contract for the construction of quite a lot of roads in the municipality of Orange Park. He

reports good progress, notwithstanding that he has been delayed considerably by rains.

Malcomb G. Knight, the balcksmith and wheelwright of High Springs, and one of the leading citizens of that thriving town, was transacting business in this city yesterday. Mr. Knight has served one term as mayor and several terms as alderman of his town.

W. B. Baker, the naval stores operator of Micanopy, was a business visitor to this city yesterday. Mr. Baker recently purchased the naval stores interests of Perry M. Colson at Micanopy, and is working a large force of hands. The Sun acknowledges an agreeable call by the gentleman.

For the information of those who desire to take examination for position in the census bureau work, The Sun announces that application blanks and explanatory pamphlets may be secured upon application to A. W. Sargent, local secretary of the civil service commission, at the postoffice.

Major W. L. Floyd and family have returned to their home in this city after several weeks spent on their vacation. Major Floyd has been on a visit to his parents, Mr. and Mrs. Avera Floyd, at his old home in Nicholas, S. C., while Mrs. Floyd and children spent the time delightfully at Pablo Beach.

Attention is called to the announcement of Acting Marshal Harry L. Owens, which appears elsewhere in this paper. Mr. Owens has served the people of Gainesville efficiently on the police force for the past year or more, and has been acting marshal for the past two or three weeks. He asks the support of the voters at the special election on October 19, which is called to elect a marshal to fill the unexpired term.

Dr. Henry McMillan of Morriston was in the city yesterday. He came in charge of a patient, Mr. Herring of Romeo, who has been ill for some time, and who was placed in the Sanitarium. Mr. Herring has many friends in this section who will regret to learn of his illness, but feel sure he will come out all right by the treatment he will receive at the hospital, which is one of the most modernly equipped in the South.

From Sunday's Daily Sun.

George Gleason and D. W. L. Barton of Rocky Point were in the city yesterday.

John W. English of Tacoma was among those who came to Gainesville trading yesterday.

Captain A. R. Elmore has accepted
